Palm Beach County Commissioner Santamaria suggested steps to be taken to protect County Extension:

- The Glades/EAA people should make phone calls as well as send faxes, emails and letters to each county commissioner.
- Letters to the Editor should be prepared for all newspapers in circulation in PB County describing the benefits the CES provides to the community.
- Concerned groups or individuals should attempt to set up meetings with commissioners to take place before the night of the vote (Sept. 20)
- Concerned citizens should be present at 6pm on September 20th at the county government center commission chambers prepared to speak 2-3 minutes on the value of extension to the Glades.
